## You Asked, We Listened!

In talking to brokers in our focus groups and answers received in our member survey we have heard that you would like a more streamlined delivery of emails. In that spirit we'd love for you to participate in this short [three question survey](#) to see if you'd like the brokerCentric to move from a bi-weekly email to only send it if there are important broker updates.

## Open Houses: Safety Alert & Livermore Sidewalk Ban

On June 12, an agent attending an open house in Oakland was physically attacked and injured by two armed assailants. The victim believes the attackers targeted them specifically because they were a real estate agent and that they were alone. We have been advised of two additional incidents in the Oakland area. Bay East urges all agents to be cautious in any situation where they will be alone or meeting anyone they are unfamiliar with. Please review these NAR [safety tips](#) before your next open house.

Starting July 1, open house signs cannot be placed on sidewalks in Livermore. Bay East is working on options to allow open house signs on sidewalks. [David Stark](#) has more information.

## Noteworthy
