Rapattoni Update

The Rapattoni MLS System that BAREIS and San Francisco MLS use, recently experienced a cyber-attack that resulted in their system being offline since Tuesday, August 8. We have been informed that both BAREIS and San Francisco MLSs are partially back online as of 9 a.m. this morning. Their members will be correcting data in the next few days.

In the coming days, we will be working closely with San Francisco, BAREIS MLS alongside our MLS Vendor Black Knight to ensure a smooth and secure update of listing information back into our Paragon MLS.

While working through this, we appreciate your understanding and patience during the period of adjustment. We will keep you informed in our upcoming communications.

Marketing Meeting New Venue

Tri-Cities Marketing Council (TCMC) has moved locations! Attend the next meeting on September 7 at Centerville Community Center, 3355 Country Drive in Fremont. TCMC meets the first and third Thursday of the month starting at 9am.

MLS “AREA” Field Changing November 6

Effective November 6, the "AREA" field lookup values will be updated to a single lookup value called "Listing". This means that instead of selecting various "AREA" options, you will now see one "Listing" value.

IMPORTANT Action Required by You – Update Your Saved Searches

Please update all your Active Saved Searches that currently use the “AREA” field. You can use the “Map Search,” “City,” or “Zip Code.” Fields instead. Doing this update will prevent your clients from being bombarded with emails when the change occurs on November 6.
