

## Paragon Enhancements

### New View – ConnectView

Everyone loves the Paragon Connect Detail View – So now we have embedded that view in Paragon Classic. This powerful report is located at the top of your Favorites folder (because we are sure you are going to want it as a favorite) and is called the **ConnectView**. If you decide to remove ConnectView from your favorites, it will appear under Specialty Views.

User Preferences are available for setting the ConnectView as the default search result report, default double-click report, etc.

The power of this view is that it combines all the details of the Listing, with any Documents, Property History, Automated Valuations, and Community Reports, and where applicable, Public Record Data as well. Simply click the tabs at the top to be taken to each section or scroll the View. Check out this short 1 minute 25 sec video that will walk you through it [Click here](#).

**Note:** Due to its interactive nature, when shared via email the ConnectView will be sent as a CollabLink

The screenshot displays the Paragon ConnectView interface for a property listing. The top navigation bar includes tabs for Home, Power Search, and ConnectView. Below the navigation bar, the property address "1607 D10 Wk45 Davis, McCall, ID 83638" and the asking price "\$750,000" are shown. A map of the property is displayed, with a callout indicating the price "\$750K". The interface includes a sidebar with a list of available reports, including Favorites, Spreadsheets, and Details. The main content area shows the listing details, including the MLS #, Class, Residential, Type, Condo, Area, McCall - 1800, and Asking Price, \$750,000.

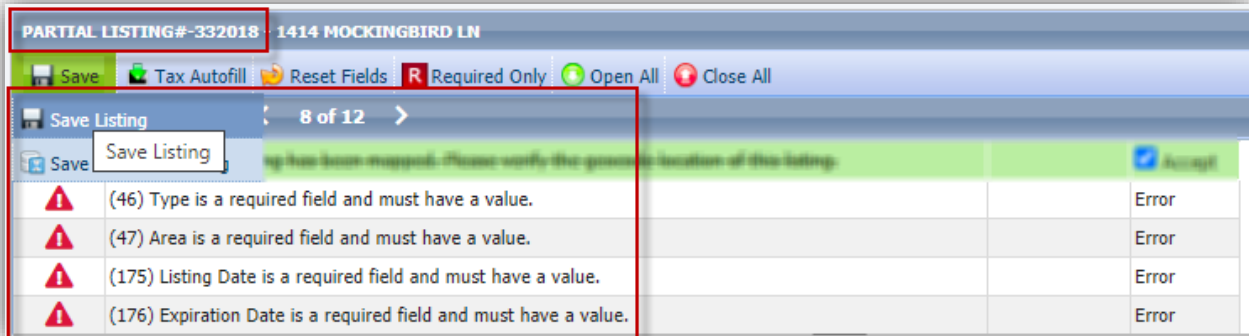

Listing Details			
MLS #	98680263	Class	Residential
Type	Condo	Area	McCall - 1800
Asking Price	\$750,000	Address	1607 D10 Wk45 Davis

## **Listing Input – Saving a Partial Listing Certain Field Requirements Removed**

Saving a Partial Listing just got easier!

When saving a Partial Listing you will no longer be required to save List Date, Expiration Date, Type, or Area. This will allow you to get the partial started, even if you don't have all the details.

When the Partial listing is converted to a listing, the field requirements are enforced again.

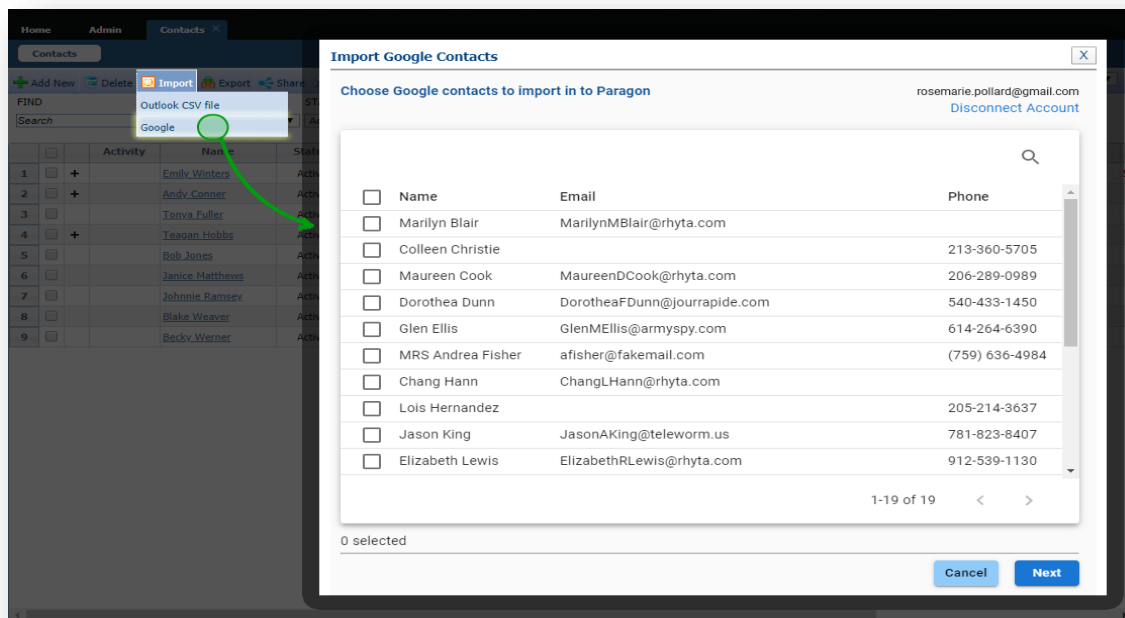

## **Contacts - Importing Google Contacts**

You asked and we delivered! You now have a new import option for Contacts, this will allow you to browse and multi-select Google contacts to import into Paragon!

The fields that are imported are; First Name, Last Name, Email, and Phone Number.

**Note:** Browsers must allow pop-ups from Paragon for this function.

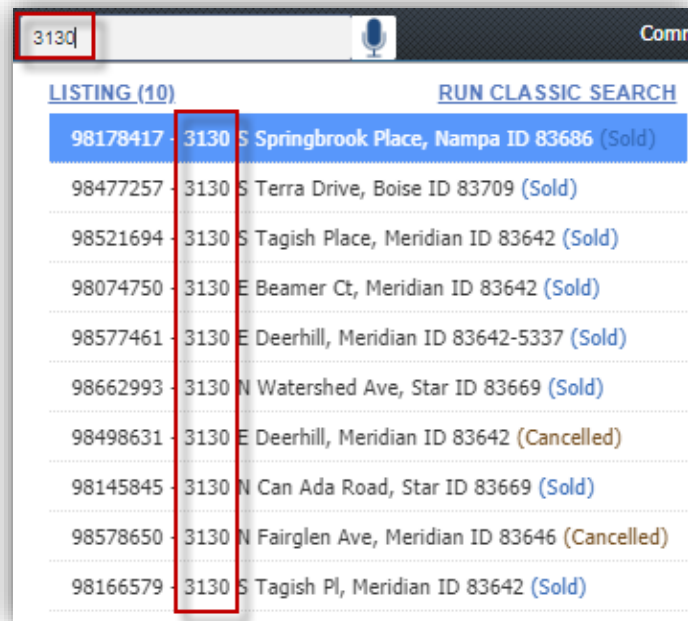

## Search - Power Search – Numeric String Changes

**We continue to refine Power Search to bring you better results!**

In this release, we've enhanced how Power Search views a short numeric string. Assuming a short numeric string is looking for an address, Power Search will return exact matches first, before returning 'starts with' matches ensuring better accuracy.

For example, "123" will return listings with street number 123 before listings with street number 1234 or 1235.

## Search – Display Public Records with Listings on Map

In the previous Paragon update, we released the ability to display associated public record pins with listing pins on the same map for select customers. But the public record portion was limited to the map boundaries and ignored any drawings used in the search for the listings. Now if/when there are drawings on the map, the public record search will include the drawing coordinates in the search and limit the results to the drawings, just like the listings.

The screenshot displays the Paragon 5.78 web application interface. At the top, there is a navigation bar with the Paragon logo and a search bar. Below this is a menu bar with icons for HOME, SEARCH, LISTINGS, CMA, CONTACTS, FINANCIALS, TAX, MEMBERSHIP, RESOURCES, PREFERENCES, and ADMIN. The main content area is divided into a left sidebar and a right map area. The sidebar contains a 'PUBLIC RECORDS SEARCH' panel with various filters: Valuation (Low: 230,000, High: 300,000), # Beds (Min: 3, Max: 4), # Baths (Min: 2, Max: 3), Building Square Feet (Min: , Max: ), Last Sale Date (Begin: , End: ), Owner Occupied (dropdown), and Property Sale Type (ALL). The map area shows a street map with several pins indicating property values, such as \$278K, \$279K, \$293K, \$283K, \$237K, \$243K, \$251K, \$287K, \$280K, \$232K, \$241K, \$233K, \$241K, \$265K, \$236K, \$258K, \$215K, and \$258K. The interface also includes a 'Session Time Remaining: 2:00:51' indicator and a 'HotSheet | Saved Property Searches' button at the bottom.

## Zestimate Direct Link

A link has been added from the Zestimate to the specific property in focus. Previously, the feature just linked to Zillow.com. Now it lands on the specific property in Zillow.

**Zestimate**®  
\$597,399 - \$690,042

**2530 E Challis St**  
Meridian, ID 83646  
4 beds · 3 baths · 3,906 sqft

**Zestimate**®: \$641,400  
Rent Zestimate®: \$2,404 /mo  
Est. refi payment: \$2,965/mo  
[Get current rates](#)

**Home Shoppers are Waiting**

## Deep Link from REALTORS® Valuation Model to RPR

Similar to the Zestimate link, a link has been added to the Realtors Valuation Model (RVM) that takes the user directly into the Refined Valuation Model in RPR, where the user can use the interactive RVM to create a report. **Note:** This link will only appear to agents.

**REALTORS**®  
Valuation Model  
\$483,237 - \$534,103

**REFINE THE VALUE BY ADJUSTING THE BASIC FACTS**

Residence	Single Family Res	Total Rooms		# Stories	
Bedrooms	4	Living Area	3,540 sq ft	Year Built	1984
Full / Partial Baths	3 / 1	Lot Size	0.33 acres

Refined Estimate:	\$508,900

## Checkboxes and Export Option Added

When viewing your property watches in the grid, you now can select watched properties. We have added the check box to the give you the ability to select one, more or all your properties from your watch list and export the data. With the export, the agent will be able to sort, print or email the list. We have also added the Owner Name to the grid so that you can use that information in a mailing list.

WATCHES				
<input checked="" type="checkbox"/> Checked <input type="checkbox"/> All <input type="button" value="Refresh Record"/> <input type="button" value="Remove Watch"/> <input type="button" value="Export"/>				
	<input type="checkbox"/>	Tax ID	Address	Lot Size

5	<input type="checkbox"/>	R1573680018	423 N MITCHELL	2.31

## Added Details Column to Alerts Grid

So that the user will not have to return to the original email to see the details of the alert, we have added the details to the grid when looking at your watches.

Alert Type	Details	Alert Date
ARM Reset Date	ARM Reset Date: 7/01/2020, ARM Rate Change Frequency: 6, ARM Lender Name: Wells Fargo Bank NA, ARM Recording Date: 07/05/2006, ARM Loan1 Amount: \$68,000	01/10/2020
Listed on MLS	Last Listed on MLS Date: 01/03/2020, Number of Days Listed on MLS: 14, MLS List Price: \$399,000, MLS Org ID: NYHGMLS-N, MLS Listing ID: 5126530	01/05/2020
Value Change	Value Change Baseline Value: \$380,833, Value Change Previous Value: \$346,000, Value Change Current Value: \$380,833, Value Change Percentage of Change: 10.07%	12/15/2019

## Parcel Property Panel Now Supports Multi-Unit Parcels

You asked and we delivered! If you have a single parcel with multiple units, such as a condo, the property panel will display the parcel address followed by multiple Unit numbers for that parcel. Click the unit number to view the individual property record for that unit.

The screenshot displays the Paragon 5.78 Mapping interface. On the left, a sidebar titled 'MULTIPLE PARCEL PROPERTIES' shows a list of units for '24038 PERDIDO BEACH BLVD ORANGE BEACH, AL 36561'. The units listed are # 100, APT 1001, APT 1002, APT 1003, APT 1004, APT 1005, APT 1006, APT 101, APT 102, APT 103, APT 104, APT 105, APT 106, APT 1101, APT 1102, APT 1103, APT 1104, and APT 1105. The main map area shows a yellow-outlined parcel on Perdido Beach Blvd. A detailed property panel for '24038 PERDIDO BEACH BLVD APT 1001 ORANGE BEACH, AL 36561' is overlaid on the map. The panel includes a Google Street View image of the interior, a 'WATCH PROPERTY' button, and various property details.

WATCH PROPERTY	
3 beds / 3 baths	1300 sq ft
Lot 3.63 AC	
Last Sale Nov 16, 2007	Propensity To List Medium
Estimated LTV 80%	Estimated Equity \$89,545
Owner Occupied No	REO No
Owner:	
CRS Data: Property Report	
Average Valuation	\$435,315
EZ Value™	\$416,000
	\$274,560 - \$557,440

The map also shows the parcel's perimeter (1832 ft) and area (3.19 acres). The address '24038 PERDIDO BEACH BLVD' is visible on the map.
